

1st Educational Event in OIP Covasna, Romania

The transition from Linear Economics to Bioeconomy - Opportunities, challenges and solutions

Overview	
Date	10 March 2021 (12:00 -13:00)
Location	Online
Aim of the event	Presenting key issues related to bioeconomy, sustainability; assessing the knowledge gap on topic related to bioeconomy, bioproducts and markets.

The online event was organised by IPE team (as OIP Facilitator in the Covasna Region, Romania) along with the help of ASIMCOV (Association of Small and Medium Enterprises in Covasna County) and some representative of educational entities in Covasna: The School Inspectorate (Agency) from Covasna, Constantin Brancusi Technological Highschool Sfantu Gheorghe, "Babeş-Bolyai" University Cluj – Faculty Branch Sfantu Gheorghe, Transilvania University Brasov, Sapientia Hungarian University of Transylvania – Faculty Branch Sfantu Gheorghe, by the occasion of a semestrial school period called “Saptamana Altfel meaning “School – something different”.

1st Educational Event was dedicated to teachers and professors from Covasna geographic proximity. There were also representants from the Covasna’s County School Inspectorate, PhD students, business representatives, civil society representants and political decision makers who are interested in Bioeconomy field.

The majority of attendees were from the Constantin Brancusi Technological Highschool Sfantu Gheorghe, and the other participants were from: Covasna’s County School Inspectorate, University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca, Iasi University, Transilvania University Brasov, Transylvania Regional Balneo-touristic Cluster, Green Energy Cluster, Transylvania Textile&Fashion Cluster, Covasna SMEs Association, Covasna Community Foundation, Directorate of Industrial Policies and Competitiveness, Ministry of Economy, Entrepreneurship and Tourism.

Our main target was to introduce teachers/professors into the topic. The subject was well received by the participants and they are willing to pass it along to their pupils/students as much as they can while remaining in the boundaries set by curricula. BE-Rural is able to provide a lot of educational material so this can be shared easily between them. Our next 2 events will be a mixture between teachers/professors and mostly pupils/students. After all, 3 educational events are over it will be up to the educational units how they can introduce these materials. IPE team suggested that they can use all the games provided throughout the rest of the “School – something different” week.

Participants		
Name	Organization	Stakeholder Category
Anca Plesa	Professor - Facultatea de Agricultura - USAMV Cluj-Napoca	University
Mocanu Claudia Monica	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Costache Gheorghe	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Cotarlan Anca Florentina	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Matyus Eniko	Manager Clusterul Transylvania Regional Balneoturistic	Highschool
Henrik Ferenczi	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Hess Marlena Beatrice	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Ilona Bong	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Vulpe Elena Iulia	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Iustina Anton	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Lacrimioara Apostu	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Liliana Constantinescu	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Bereczki Kinga	Fundatia Comunitara Covasna	Civil Society
Mariana Dull	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Munteanu Constanta	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Raluca-Ioana Iorgulescu	Institutul de Prognoză Economică (IPE)	Research
Rusandru Lucian	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Sebestyen Tihamer	Cluster Inovativ al Biomasei GREEN ENERGY	Business
Teodor Mocanu	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
Tiberiu Diaconescu	Institutul de Prognoză Economică (IPE)	Research
Timotei Vierasu	Profesor - Liceul Tehnologic Constantin Brâncuși	Highschool
